For the love of music.

For decades, we have poured our passion for performance and our love of music into everything we do, from our most affordable loudspeakers to our studio-quality 800 Series Diamond range. Now, our 600 Series has turned 25 – an occasion we think is worth celebrating in style.

25 years of great sound

Since 1995, well over a million satisfied customers have had their first experience of Bowers & Wilkins sound thanks to a pair of 600 Series loudspeakers. Now, we're proud to release the seventh generation of our affordable and iconic best-selling range.

Engineered for better sound

600 Series Anniversary Edition includes proven drive units derived from the 800 Series Diamond. It partners those superior ingredients with carefully upgraded crossover components, resulting in even better resolution and superlative musicality.
