

The Practically Perfect REL

T/7x

T/7x is the perfect answer for the real world. It's compact enough (and beautiful enough) to end arguments before they begin; while powerful enough to easily answer most needs and balanced enough to blend beautifully with many of the quality speakers out there and still flexible enough to work in specialty applications.

Many don't realize the intense connection between performance and design here at REL. Performance is everything to us and it leads to physical design solutions. Using gently rounded corner radii that allows the eye to flow over and see less visual mass. The result is both modern and clean with no unnecessary adornment.

Specifications

Type

Front-firing active woofer, down-firing passive radiator

Active Driver Size & Material

10 in. FibreAlloy™, 254mm long-throw, inverted alloy dust cap, steel chassis

Passive Radiator Size & Material

10 in., 254mm long throw, inverted dust cap

Low Frequency Extension

27Hz at -6 dB

Input Connectors

Hi Level Neutrik Speakon, Low Level phono, LFE phono

Output Connectors

N/A

Power Output

300 watts (RMS)

Amplifier Type

Class A/B

Wireless Capability

Yes- REL Arrow system [required], sold separately

WxHxD, Including Feet & Rear Panel Controls

14.5 x 13.4 x 15.5 in. (370 x 340 x 393 mm)

Net Weight

45.5 lbs. (20.6 kg)

Finish

High Gloss Black, High Gloss White, 5 coats

REL
ACOUSTICS LTD

All RELs - Fully Electronic SET-SAFE, output short, DC Fault
