Power supply: 20V/3A DC 100 - 240V, 50/60Hz

Dimensions W x H x D: 103 x 37 x 129 (138)mm

Weight: 660g without power supply

Stereo Box S2 BT - audiophile integrated amplifier with BT input!

Two separate line level inputs connect to two sources via the RCA plugs, additionally one wireless BT input is available for all modern sources. This makes Stereo Box S2 BT the most modern audiophile integrated amplifier within its price range! With its tiny form factor it fits into every environment and the stylish silver or black full aluminium/metal casing is sure to be a great match for any interior. The solid casing not only looks gorgeous but also protects against vibrations and unwanted interferences. For superior convenience Stereo Box S2 BT is fully remoteable, switch inputs and control the volume with

the ease of pushing one button!
